Dear Parents/Carers,

**ELPS Results and Outcomes**

We are delighted to announce that ELPS has once again achieved outstanding results, a testament to the hard work and dedication of our entire school community. This remarkable achievement would not have been possible without the unwavering commitment of our exceptional staff, and our sustained success is the predominant reason we remain over-subscribed. We are thrilled at the achievements of our children, and they should feel exceptionally proud that they belong to the ELPS community. May they continue to strive for academic excellence and continue to develop their ability to overcome challenges.

It is significant to note that in all areas we exceed the national expectations, and continually maintain high numbers of pupils achieving above the expected standard. Our commitment to excellence and high aspirations of all children is reflected in the outstanding results we achieve year-upon-year. It is through absolute devotion that we are able to transform lives through education.

However, it is important to mention that we could not achieve such results without the continued support from parents. Thank you for your contribution and steadfast commitment to your child's educational journey.

Kind regards,
